16 December 1957

3. Mr. Brandenburger, President of the McLean Citizens Association, telephoned to say that Mr. Richard Smith had been appointed Chairman of the McLean Citizens Roads Committee. I told him that I would be very glad to work with Dick and that I would get in [REDACTED] H

4. Talked to Bob Macy about the questionnaire which he wants to send to the field. He explained that his present thinking was that the questionnaire would merely go out to our Administrative Officers who would sample a few employees on the questions asked and be prepared to discuss them with the team when it arrived. He does not expect to get the questionnaire back. Under these circumstances I told him that I had no objection to his dispatching the questionnaire. Shortly thereafter I related our conversation to [REDACTED]

5. Mr. Jenkins of Senator Beall's office telephoned on behalf of a constituent who wishes to operate a drugstore in our new building. I explained to Mr. Jenkins that we had no present plans for this type of installation but that we would be glad to hear from his constituent just in case something developed at a later date.

6. Gordon Stewart reported that [REDACTED] had had another talk with [REDACTED] and felt that [REDACTED] prospects for reasonably early transfer to the International Cooperation Administration were pretty good. Under these circumstances I told Gordon to let the situation go along for a short while longer without pressure.
